PUBLISHED WEEKLY IN CANAL POINT BY PAUL RARDIN

CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

RECENT OPERATIONS

By Paul Rardin

I am printing in the next column some communications that are self-explanatory. The State Road Department has promised to build a new road between Pahokee and Belle Glade. It is to be rock-to-rock (Road 26 Style) and should relieve the situation as it exists today on the present road between the two cities. I know you are anxious to learn the new road's location. So am I and just as soon as I find out where it's going, I'll let you know.

Mobergs Came To Pahokee 5 Yrs. Ago

Sunday, June 9, will mark the fifth anniversary of the arrival of Rev. and Mrs. Carl A. Moberg and family in Pahokee. During the five years they have been in Pahokee Rev. and Mrs. Moberg have worked assiduously in bringing the Pahokee First Baptist Church to its present, outstanding strength and position among the religious organizations of the community. The Pahokee Men's Bible Class, organized by Rev. Moberg, is one of the largest religious groups of its kind in the State for a community of this size.

Soon after his arrival here Rev. Moberg started plans for a new church building which were interrupted by the war. Since the end of the war these plans for three new units including a church auditorium, church school and fellowship hall have been revived. The new fellowship hall has been completed and work on the other two units will start as soon as possible.

In addition to his religious work, Rev. Moberg has been very active in civic improvement programs. The Pahokee Parent-Teacher Association has just completed two of the most successful years in its history under his leadership as program chairman and president.

On June 24 Rev. and Mrs. Moberg will go to Pascagoula, Miss., where he is to conduct a 10-day revival, following which the Moberg family will spend a month's vacation in the Carolinas, Pennsylvania and New York.

(Note to car dealers: Rev. Moberg is jittery about starting on his trip in his old car. He's fishing for a 1946 model with a 1940 Dodge sedan as trade-in bait.)

Masonic Official Visiting Lodges

J. G. Weeks, district deputy grand master for the 22nd Masonic district, made an official visit to the Boynton Lodge recently. He was accompanied on the trip by Emmett Wilson of Pahokee. Mr. Weeks is making regular visits to various lodges in his district since his recent appointment as deputy grand master.

Mrs. Emma Wheeler left Monday for a visit with her cousin, Mrs. Carl White, in Bartow.

Jerry Berry Sells Funeral Home To His Brother Sam

Back in September, 1928, Jerry Berry came to the Everglades and opened the Everglades Funeral Home in Pahokee. That was nearly 18 years ago and this week he announces sale of the establishment to his brother, Sam Berry of Belle Glade.

The new owner is bringing a new mortician to Pahokee to take charge of the business and he (Mr. Berry) will continue to live in Belle Glade where he has lived and farmed successfully for several years.

Within the past few months the funeral home, located on Third Street in Pahokee, was rebuilt and refurnished. Several thousand dollars were spent on making it one of the nicest buildings of its kind in this section of the state.

The retiring owner of the business has not announced his plans for the future but, told a representative of this newspaper yesterday that he planned to take a 60 to 90 day vacation and spend part of the time fishing in the gulf.

Glades Young Women Graduate From FSCW

Several young women are among the graduates at FSCW at Tallahassee this week, according to a story out of the state capital. Those graduating include the following: Miss Lois Marjorie Byrd, daughter of Mr. and Mrs. G. W. Byrd of Pahokee; Miss Dorothea LaFay Carpenter, daughter of Mr. and Mrs. Dan Carpenter of Pahokee; Miss Dorothy Tucker, daughter of Mr. and Mrs. G. H. Tucker of Canal Point; Miss Elizabeth Anderson Bregger, daughter of Mr. and Mrs. Tom Bregger of Belle Glade. Each of the young ladies received a bachelor's degree.

Veterinarian Will Visit Canal Point And Pahokee Soon

Assistant County Agent H. L. Speer said yesterday that plans call for the county veterinarian to examine cows in the Pahokee and Canal Point area within the next week or two. The cows will be tested for TB and Bang's disease, he said. Several pigs will be given cholera serum and horses will be treated for brain fever. It is the plan of the agent to arrange a clinic for dogs in the near future at which time they will be tested for rabies. While the cholera serum is furnished free by the state, Mr. Speer pointed out that treatment for rabies will cost the dog owner a nominal sum.

Dr. Paul Rainey, county veterinarian, is back from service and on the job. Mr. Speer pointed out that the veterinarian is working co-operatively with the livestock owners of the county and an excellent job is being done.

Dr. and Mrs. Wilburn C. Young and children are taking a two weeks' vacation in the North. They expect to return home the first of next week.

Board Of County Commissioners Palm Beach County

Canal Point, April 17, 1946

Mr. Elgin Bayless, Chairman, State Road Department, Tallahassee, Fla.

Mr. N. S. Emery, Engineer, State Road Department, Fort Lauderdale, Fla.,

Gentlemen:

What is the status of a proposed new road between Pahokee and Belle Glade? As county commissioner and as publisher of The Everglades News I have been asked many, many times recently what the department plans to do about a road between the two towns. I am of the opinion that the public is entitled to an answer to this question since the present road is fast becoming a disgrace to the state highway system of Florida.

There is little need of me pointing out the vast amount of traffic over this road which connects two of the state's outstanding vegetable producing centers.

I am deeply interested in construction of a new road between Pahokee and Belle Glade and will greatly appreciate some sort of definite information in regard to this matter.

With kind personal regards, I am

Yours very truly,
Paul Rardin,
County Commissioner,
Palm Beach County.

State Road Department Of Florida Tallahassee, Florida

Hon. Paul Rardin
County Commissioner
Canal Point, Florida
Dear Mr. Rardin:

I am in receipt of your letter of April 17, and I am glad to tell you that for some time this Department has been giving serious study to the road situation between Belle Glade and Pahokee.

I am sure that some satisfactory solution will be worked out in due time and regret that it is not presently possible to send a field party to make location because all available personnel are now needed to prepare the projects which are set up in our 1946 Construction Budget.

Thanking you for your interest, and with kind personal regards, I am

Sincerely,
F. Elgin Bayless
Chairman

State Road Department Of Florida Fort Lauderdale, Florida

Fort Lauderdale, Florida
April 24, 1946

Mr. Paul Rardin
County Commissioner
Palm Beach County
Canal Point, Florida
Dear Sir:

In reply to your letter of April 17th, I wish to advise that survey work on a location between Pahokee and Belle Glade has been deferred in order that all personnel could be utilized in making surveys for work included in the 1946 budget. It is hoped that we may place a party to continue this work as soon as we have caught up with necessary work in connection with our present year's budget.

Patching of the existing road is now being continued and it is hoped that we may soon improve the riding quality of the pavement.

Yours very truly,
N. S. Emery
Division Engineer

Mr. and Mrs. Robert O. Lampi and children are spending three days with relatives in Tampa before going to Michigan for a two months' visit with his parents there.

Mr. and Mrs. Orin Bacon and daughter spent the weekend in Miami where he attended the State Elks Convention. They were accompanied home by Mr. Bacon's mother who is visiting here.

Miller Drug Store In Canal Point Is Under New Owners

Hoy and Lucille Miller sold their drug store, building and all, in Canal Point the first of the month to M. C. Carter and M. D. Geiger, who have already taken over operation. The new firm will be known as the Carter-Geiger Drug Company.

It was way back in 1930—the first of that year—when Hoy Miller came to Canal Point and went into the drug business. His business flourished and in 1932 he started erection of the new building and occupied it in 1933. Since that day Mr. and Mrs. Miller have enjoyed a splendid patronage and in return they have given their thousands of customers value received for every dollar spent with them.

The Geigers are not strangers to this area—Dow having come here back in 1921. He and Mrs. Geiger were connected with sugar company for a while and opened their own store in the Miller building in 1937. They sold their store the other day to Grady Nichols who is now commissary manager for the sugar company at Azucar. Mr. Nichols will take over the Geiger grocery on June 15 or sooner if the sugar company relieves him at Azucar.

Mr. Carter is a younger brother of J. E. Carter who is well known in Canal Point. He has been with Goodyear Tire and Rubber company for 29 years and during that time has held responsible positions with them. He and Mrs. Carter will make their home in the apartment on the second floor of the drug store building.

Mr. and Mrs. Miller own several houses on the townsite in Canal Point and at present are making their home with Mrs. Mary Wilson, mother of Mrs. Miller. They plan a vacation this summer to Mississippi and to Kentucky. Mr. Miller however will remain in the drug store to take care of prescription business until the new concern is successful in hiring a new prescription man. After their vacation the Millers will return to Canal Point.

Community Chest Drive Continues

Members of the Pahokee Woman's club were working this week in an effort to stimulate interest in the Community Chest drive in Pahokee and Canal Point. Club women were pointing out that the one drive is calculated to put an end to all other drives for funds during the remainder of the year.

A certain amount of success met workers this week but interest is lagging and the goal of \$6,000 is not in sight. Members of the Chest organization hope that sufficient interest can be stimulated to put the drive across.

Less than \$2,000 has been raised to date.

Mrs. T. W. Griffith, teacher at the Canal Point school, will leave Monday to take a refresher course at the University of Florida summer school in Gainesville.

The Truth Doesn't Hurt

(An Editorial from The Palm Beach Post)

Why most local physicians dislike the publicity given local polio cases, and some would even bar all mention of it from newspapers, is easily understandable.

They credit publicity with causing fear and hysteria, which is not only bad for both children and parents, but makes unnecessary work for the doctors. Almost every childhood ailment immediately becomes a case of infantile paralysis necessitating the service of a physician. As a result the doctors are swamped with calls from frantic mothers who want a diagnosis of illnesses, which ordinarily would be treated with a simple home remedy and quickly forgotten.

In one way this is fortunate because it practically eliminates the danger of any incipient case of polio being overlooked, as might happen if the disease were not so generally feared.

On the other hand, there is every reason to believe that complete suppression of news regarding the polio situation would augment the hysteria, about which the doctors complain, rather than lessen it. Dame Rumor would then have a free hand to ply her nefarious trade, and don't believe for a minute she would not take full advantage of the opportunity.

Here's an example of what we mean. Milwaukee, Wis., naturally hasn't had much in formation about the polio situation in Florida. So a report has reached the Milwaukee Journal that Miamians are "boiling all vegetables and Navy planes are spraying the city daily with DDT in an effort to combat polio, which has taken 45 lives so far."

To those who know the truth, from reading the Miami newspapers, such reports are ridiculous. But people in Milwaukee can't be blamed for accepting them because they aren't acquainted with the facts.

Both the Dade County Health Department and the West Palm Beach Health Department have adopted the sensible policy of keeping the public informed as to the true situation and they deserve to be commended for it.

MEN'S BIBLE CLASS

Fifty-three were in attendance last Sunday at the Men's Bible Class of Pahokee, thus maintaining the hoped for average of fifty for the summer. This Sunday the teacher, Rev. C. A. Moberg, will discuss what promises to be one of the most interesting lessons found in the Bible, "Training for Service." "Why did Jesus send the disciples forth, two and two?" "What is meant by the 'unclean spirits, who are they?'" "Who are the many devils?" "What is meant

by hating one's father, mother, wife, children, brethren and sisters?" These and other questions will be considered. The Class Quartet will present two selections. A most cordial invitation is extended to all unaffiliated men of the community, visitors and service men, in or out of uniform. Time, 9:45.

B. Elliott, Elks district deputy grand exalted ruler, attended the State B. P. O. E. Convention in Miami on Sunday and Monday.

4-H Club Workers In Canal Point Finish Job Of Canning

With the closing of the school term the Canal Point 4-H Club girls did not stop their activities as they have done in former years. You hear a lot said about a "good Scouter" but too often a "good 4-H'er" is not mentioned. When all books were closed and all final tests over, the girls set out to help can food stuff for the hungry people over-sea.

Mrs. Mercer, the sixth grade teacher and Mr. Epperson, the janitor, teach took a car load of children on Wednesday morning to a nearby tomato field to gather tomatoes. Mrs. Oliver Hatfield, the 4-H Club local leader, took a group of small children on Tuesday and Wednesday afternoons to a Lima field and picked limas. Thanks to Bill Johnson for a gift of liberal donation of a hamper of Lima's. From these vegetables were canned 166 cans of tomatoes and 195 cans limas. Mothers and friends of these children were invited to the lunch room to give their service in helping to can these vegetables.

Mrs. Mildred J. Michaud and Miss Bertha Housman of West Palm Beach, Home Demonstration Agents gave their undivided time on Wednesday afternoon and all day Thursday, also furnished the equipment for this canning project. The local W. S. C. S. of the Methodist Church gave their services also and helped the 4-H girls finance this great project.

Joann Platt and Roselle Dixon worked so steadily on this project that Mrs. Michaud says they already have most of their canning project for next year completed. When we put first things first, we are always more than repaid for every effort. Children over-sea are hungry and they need this willing, helping hand to help them see the light of a new world.

Who said the children of our community are not to be praised for their cooperation and service? By their aid we are also shipping 8 good sized boxes of clothing to these needy people.

During the summer months the 4-H girls also are filling Junior Red Cross boxes. If you haven't received yours please call for it.

VPO Clarifies Its Stand On Clean Up

There has been a lot of yowling in Pahokee over the clean-up drive that brought a lot of filth to light last week. State Hotel Commissioner Deputy Tom Grafton of West Palm Beach made a swoop through colored town and the reverberations have been terrific. Some property owners have threatened court action. However, Inspector Grafton was acting on authority from the governor and in behalf of good health when he condemned some of the colored quarters.

The Veterans Progressive Organization took an active part in the clean up and sponsored the move. This week that organization clarifies its position in the following statement:

"The VPO did organize and sponsor a clean up campaign in the belief that such would prove beneficial to the community as a whole, and under this belief pledges our help to the City Officials and the State Hotel Commissioners during the drive. Although the VPO did not invite the Commissioners here, they offered to send a representative along with the said Commissioners; and carried out that promise by doing so during their inspections.

"The VPO did not advocate the destruction of any business or businesses, of private property outside the existing laws, or any actions taken above or beyond normal reason.

"The VPO still heartily endorses the clean-up campaign as such but it does not condone nor does it intend to take any responsibility for actions taken by the State Hotel Commission inspectors during their recent visit."

Mrs. Osteen's Piano Class In Recital

A piano recital was presented by members of Mrs. Frank Osteen's music class at the Woman's Club building Sunday afternoon. The clubhouse was beautifully decorated with bouquets of spring flowers and the Brubaker Music Company of West Palm Beach furnished a special piano for the affair. The audience filled the clubhouse to capacity.

Piano duets were played by Annette McIntosh and Kay Friend; Patsy and Elmer B. Elliott; Yvonne Fraser and Patsy Maxson; Barbara Wilkinson and Mrs. Osteen. A trio composed of Gay Schoepel, Jeanine Mock and Kay Friend sang "Sweet Little Woodland Rose," accompanied at the piano by Annette McIntosh. Piano solos were played by Alfred Kahn, Charline Stuckey, Tommy Elliott, Fay Mackey, Marcia Guthrie; Earl Meredith, Jimmy Schoepel, Jeanine Mock, Gay Schoepel, Donna Lynn May, Charlotte Cate, Kay Friend, Ronnie Elliott, Phoebe Ann Ramey, Elmer B. Elliott, Roger Jaudon, Nancy Hillier, Stella Barnes, Don Beverly, Wayne Burdeshaw, Louis Pope, Frank Rosenberg, Farris Kincaid, Barbara Moberg, Patsy Elliott, Wynelle Gillis, George Rozelle, Rita Faye Hurt, Patsy Batchelor, Vera Keen, Earl Chance, Barbara Wilkinson, Joan Rosenberg, Patsy Geiger, Zella Jones, Yvonne Fraser and Patsy Maxson.

Mr. and Mrs. B. S. Waring and children are spending this week at Surf Cottages, Palm Beach. Mrs. H. M. McIntosh and children are also spending a week at Surf Cottages and Mr. and Mrs. E. F. McIlwain and children and Mr. McIlwain's mother are enjoying the beach there for two weeks.

Cinematic Chatter

By Malcolm Millar

I am only going to talk about one show for this coming week at the Prince Theatre. That show is Sam Wood's "Guest Wife," and it is to be screened on Thursday-Friday, June, 13-14. And the reason for my devoting this column to this show is that it is one of a swell comedy and deserves all the space it can get.

The stars are Claudette Colbert,

Don Ameche and Richard Foran, and in support of them are such well known players as Charles Dingle, Grant Mitchell, Chester Clute and other excellent performers. Every one of them ring the gong in the top bracket for fine characterization and superb performances, and each artist lends to the success of the whole clever comedy.

It seems that out in Keetoosen, Ohio, Claudette Colbert and hubby Dick Foran, are about to entrain for a belated honeymoon in New York, when in pops that old nemesis and troublemaker, Don Ameche and old college chum of Dick's and a globe-trotting reporter—who is enroute to New York from the Orient.

Claudette is rightfully disturbed at his appearance—and her worst fears are realized when, in the last minute confusion Dick misses the train. It develops that Don's boss, Charles Dingle, has arranged a spectacular reception for his pet reporter whom he believes to be married. Because her husband idolizes Don, Claudette consents to momentarily pose as his wife—and that, is—you haven't already guessed it, is known as a "kibbole." Dangerously the hoax gathers momentum as Dingle establishes the two visitors in a hotel bridal suite. Foran, meanwhile, is detained in Keetoosen when news photo's of the fictitious couple brea' in the local paper and threaten a scandal.

Precious honeymoon days are fleeting by and Claudette becomes furious and desperate. Finally she decides to bring matters to a head, come what may. Her object is to "out-kibble" the male species and to this end she professes a mad fatuation for Don. His protest apparently drive her to the depth of frustration, and she writes what appears to be a suicide note.

Unaware of his wife's "kibble," Foran arrives at Dingle's country estate and is a dubious and impetuous eavesdropper. His reactions are more violently elemental than was anticipated and he plants a solid right to his pal's jaw and then dramatically hi-jacks Claudette.

Well—there it is, and isn't it one of the finest packages of situations for real laugh that you ever listened to? Believe me it is one of the greatest laughing shows that Claudette, Ameche and Foran have ever had the pleasure of working in, and I've ever had the joy of writing about. Please don't miss it!

See you at the movies—Mal.

The altar was decorated with Easter lilies and ferns, with a bank of potted palms and tropical plants forming the background.

The bride wore a white street-length dress and white hat with a circular sweep veil. Her corsage was of sweetheart roses. Miss Mary Ruth Wilson, sister of the bride, was maid of honor. Lynn Stevens of Plant City was best man.

Mrs. C. A. Moberg sang "I Love You Truly," accompanied by Miss Peggy Moberg, pianist, who also played the traditional wedding march.

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "In the beginning God created the heaven and the earth. And God saw every thing that he had made, and behold, it was very good. And the evening and the morning were the sixth day" (Gen. 1: 1, 31).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Deity was satisfied with His work. How could He be otherwise, since the spiritual creation was the outgrowth, the emanation, of His infinite self-containment and immortal wisdom" (p. 519:3-6).

Where little children cry from hunger—

SOMEWHERE, halfway across the world, two little children cry bitterly from hunger. Children cannot understand the why of hunger—they know only the gnawing pain, the piteous weakness. A heartbroken mother listens helplessly.

Their only hope—and the hope of millions like them—is that Americans will not be complacent in a starving world . . . that you will share the abundance that is yours.

You are pledged to "Share a Meal Every Day," to help supply starving people with fat and wheat products. But the need for all foods is so desperate that you're asked to do more . . . to give money to buy food, or give food in tin cans, and to give generously!

Where the food you give will go. Contributions of canned foods will be distributed free in war-devastated countries on the basis of greatest need.

Why food must be in tin cans. Food in tin cans can be handled safely for distant shipments and travel over difficult roads.

Why the need is so desperate. The battles that brought us victory scourged most of the countries that fought as our allies. The worst drought in fifty years followed the war. Crops failed throughout Europe and Asia. 500,000,000 men, women, and children are hungry and starving.

WILL YOU GIVE

THAT THEY MAY LIVE?

HERE'S WHAT YOU CAN DO!

1. GIVE MONEY.

More food can be obtained for a given amount of money when it is bought centrally and in large quantities. Send cash, money orders, or check to your local Emergency Food Collection Committee or to Lee Marshall, Executive Director, 100 Maiden Lane, New York 7, N. Y.

2. GIVE FOOD IN TIN CANS.

Leave at any Emergency Food Collection depot.

Separate Seats On Florida Busses For White And Colored

TALLAHASSEE—Chairman E. S. Matthews of the Florida Railroad Commission said Tuesday that bus companies operating in the State "will be expected" to continue complying with a rule requiring separate seats for white and negro passengers.

He made the announcement at the end of a commission conference on what, if any effect, a U. S. Supreme Court decision prohibiting segregation of negroes on Virginia interstate commerce busses would have in Florida.

Gov. Millard F. Caldwell's only comment on the Supreme Court decision was that "from the standpoint of amicable relations between the races, I'm sorry it was necessary for the court to rule as it did. I do not believe it will be conducive to harmony."

On the first anniversary of V-E Day, Schenley Distillers Corporation reported 826 of the 1,839 employees who left for war had re-

"SERVING THE GLADES"

DON'T WEAKEN *in the drive to* **CLEAN UP THE FILTH** **In Pahokee**

An Open Letter To The Pahokee City Council:

GENTLEMEN:

So far the clean up drive has borne fruit. Don't be stampeded by a few who refuse to abide by the rules and regulations. Stick by your guns and assist the state inspectors in cleaning up the remaining filth in Pahokee. It still is present on many sides and the inspectors can find plenty more if they but take another look. Up 'til now the drive has done a lot of good. Many truckloads of trash, garbage and filth have been carted off to the dump.

POLIO—of near epidemic proportions—stares us in the face in Palm Beach county. There is no reason to beat around the bush about it. Let's face facts as they are. More than 30 cases are being treated today in this county. Are you as a governing body going to "pull in your horns" now or are you going to continue the fight to get Pahokee's filth cleaned up? You are doing a noble job and are earning the undying gratitude of Pahokee citizens, although you are irking some few.

The state inspector described some of the quarters in Pahokee colored town as being "NOT FIT FOR A HOG TO LIVE IN." That's plain talk. Straight from the shoulder of a man who knows unsanitary conditions when he sees them. The Pahokee City Council is doing a grand job. It seems to me that any one who would not hold up their hands in this splendid effort, would betray the confidence they have placed in them.

—A CITIZEN.

This message is paid for by an individual who wants to see Pahokee cleaned up.

Keep Up The Good Work! **It's A Swell Job So Far--Let's Finish It.**
